Da oltre trent'anni Sedia Élite opera con successo nel mercato delle sedute d'arredamento per la collettività e il contract alberghiero.

Siamo specializzati nella realizzazione di sedie in faggio curvato di stile viennese proposte nella nostra collezione in numerose rivisitazioni. La ricerca di nuovi prodotti che coniughino comfort e resistenza garantendo quindi qualità e durata, l'innovazione tecnologica e il costante miglioramento del servizio al cliente sono le nostre finalità, che ci hanno permesso di crescere ed esportare le nostre sedie in tutto il mondo. La produzione, seguita con cura fin dalla selezione del legno, avviene in gran parte all'interno del nostro stabilimento di Premariacco.

Vanto dell'azienda è il processo di curvatura artigianale del legno effettuato secondo tradizione a vapore. La finitura del prodotto viene realizzata nel reparto interno di verniciatura con tinte a catalogo e, su richiesta a campione, anche con vernici ignifughe nel rispetto delle nuove normative in materia di sicurezza.

Depuis plus de 30 ans, Sedia Elité opère avec succès dans le marché des sièges pour collectivités et les fournitures hôtelières.

Nous sommes spécialisés dans la réalisation de chaises en hêtre cintré de style viennois proposées dans notre collection en de nombreuses réinterprétations. La recherche de nouveaux produits qui conjuguent confort et résistance, garantissant ainsi la qualité et la durée, l'innovation technologique et l'amélioration constante du service au client sont nos finalités, qui nous ont permis de grandir et d'exporter nos chaises dans le monde entier. La production, suivie avec soin dès la sélection du bois, est effectuée en grande partie dans notre usine de Premariacco.

L'un des motifs d'orgueil de l'entreprise est le processus de cintrage artisanal du bois, effectué à la vapeur, conformément à la tradition. La finition du produit est réalisée dans le service interne de vernissage suivant les teintes en catalogue et sur demande sur échantillon, également avec des vernis ignifugés dans le respect des nouvelles normes en matière de sécurité.
